NLG products to access detailed
product info, certification and
installation videos.

01

Press the button of the spring toggle and slide to the end knot of the bungee. Move the bungee to one side

02

Insert the radio into the holster and position the two bungee cords to pass over the top controls of the radio.

03

Slide the spring toggle up the bungee to trap the radio.

04

Test the radio is secure in the holster before use
