

Armet Volt Safety Helmet

Art nr: 1001674

Previous art. nr: VLT102

Electrically insulated safety helmet with EN397 and EN50365 certifications for work in challenging environments. Equipped with the MIPS safety system, offering unique technical solutions and unbeatable comfort. MIPS is a protective system developed to reduce the risk of brain injuries from certain angled impacts. With twICEme, the user can store their vital information directly in the helmet and make it accessible for reading with a smartphone. Chin straps optimized for hearing protection and are approved to be used with various ear protection brands.
